7,000 PUPILS START TODAY ON NEW SCHOOL YR.

It was "back to school" today for some 7,000 Adams County youngsters after summer vacation. For approximately 900 it marked the beginning of at least 12 long years of school as they started first grade in the various public schools of the county.

Elementary school population totals about 4,500 in the county. The secondary pupils, those in grades seven through 12, number about 3,000.

A total of 1,268 were enrolled this morning in the Upper Adams Joint School System schools with Supervising Principal L. V. Stock announcing that 704 had enrolled in grades one through six and 564 in grades seven through 12. That total of 1,268 is slightly larger than the 1,255 average attendance last year. The 138 first graders at the Upper Adams schools this year compare to 135 last year.

The enrollment in the Upper Adams schools by grade follows: One, 138; two, 135; three, 96; four, 128; five, 116; six, 101; seven, 116; eight, 105; nine, 101; ten, 81; eleven, 72; and twelve, 89.

298 In Franklin Twp.
Clyde A. McCauslin, principal of the Franklin Twp. schools, reported 298 in the elementary schools there. The enrollment included: First grade, 51; second, 44; third, 53; fourth, 45; fifth, 45 and sixth, 60. The number in the first grade marks an increase over last year when 45 were entered.

At Littlestown 368 were enrolled in the high school but no figures were available for the elementary school because of the "split schedule" adopted for the first six grades until Littlestown's new school building is ready for occupancy this winter. Under the split-schedule program approximately one-half of the students attend elementary grades during the morning and half in the afternoon.

The secondary enrollment at Littlestown today included: Seventh grade, 73; eighth, 65; ninth, 71, for a total of 209 in the junior high school; tenth grade, 54; eleventh, 52; twelfth, 53, for a total of 159 in the senior high.

Nine hundred and fifty-three enrolled in the Gettysburg Junior-Senior high school this morning, a number slightly less than the 993 there last year. The number of students by grades was: Seventh, 187; eighth, 169; ninth, 173; tenth, 176; eleventh, 131; twelfth, 117.

At High Street School, Principal Clair VanDyke reported 291 enrolled this morning; but said there would probably be some shifting of the students because of overcrowded conditions at the school, particularly in the first grade. Ninety were enrolled in the first grade, 74 in the second, 61 in the third and 66 in the fourth.

Two hundred and eighty-five enrolled at Meade School this morning. Principal Lloyd R. Hartman reported the following enrollments with two classes listed for each grade: one, 35 and 37; two, 39 and 39; three, 34 and 36; four, 34 and 31.

Delay Decision In Store Assault Case

Decision was withheld until next Tuesday at 10 a.m. by Justice of the Peace John H. Baschore following a hearing on a charge of assault and battery brought by Mary V. Herrick, Seven Stars, against Andrew J. Riley, Seven Stars, general store proprietor. Mrs. Herrick charged Storekeeper Riley with pushing her out of the store. Riley has brought a similar action against Mrs. Herrick before Justice of the Peace Robert P. Snyder claiming Mrs. Herrick struck him with an umbrella. Riley was seeking to settle the cases today. The incidents occurred Saturday.

Appeals Taken From Only 6 Assessments

The Adams County Commissioners have received six appeals from assessments. Commissioners' Clerk Clarence C. Smith announced today. The number is the smallest since 1944 when the all time record of nine whatsoevers was set.

The six appeals, all of which will be heard this month by the commissioners, are one each from East Berlin, and Cumberland, Reading, Franklin, Straban and Hamiltonben Twp.

Decision to continue again for the coming year the same assessments as were used last year has led to the small number of appeals, Smith said.

Robert Elwood Myers Promoted To Colonel

Robert Elwood Myers, formerly of Gettysburg, veteran of World War II and of service in Korea, has been promoted from lieutenant colonel to colonel, effective August 25.

Colonel Myers, who is a graduate of Gettysburg High School in the class of 1928, now is chief of the Foreign Aid Branch, Office of the Quartermaster General, and is stationed at the Pentagon.

He served in the European Theater in World War II and was with military government in Korea until the spring of 1950. He has been in Washington for the last 3½ years.

Col. Myers and his wife, the former Marian Beales of Gettysburg, are living in Arlington, Va. Their son, Pfc. Richard E. Myers, is serving in France with the Quartermaster Corps. He has been there since March.

COUPLE WED SATURDAY IN NEW OXFORD

Miss Elizabeth Josephine Smith, daughter of Mr. and Mrs. Joseph P. Smith, New Oxford R. 1, and James P. Sutherland Jr., Schenectady, N. Y., son of Mr. and Mrs. James P. Sutherland, Bath, Maine, were united in marriage Saturday morning at 9 o'clock before a gladioli and pompon decorated altar in the Immaculate Conception Catholic Church, New Oxford. Rev. Father Philip J. Gergen, pastor, officiated.

Given in marriage by her father, the bride wore a long white gown with a fitted bodice fashioned with an empire waist line of lace and tulle and long tight sleeves. Her bouffant skirt was of tulle over taffeta. She wore a tiara of seed pearls and rhinestones with lace and carried a colonial bouquet of red sweetheart roses with staphenolids.

Miss Rose Marie Smith, Boston, Mass., a sister of the bride, was the maid of honor. She wore a full length gown, featuring orchid lace over taffeta, and carried a colonial bouquet of pale yellow sweetheart roses. Leonard A. Malewicz, Schenectady, N. Y., a friend of the groom, was the best man.

Reception Is Held
Following a reception at the Old Mill Inn, Lincoln Way West, the couple left for a two-week trip to lower New York State. Upon their return, they will reside in Schenectady, N. Y.

The bride is a graduate of Delone Catholic High School, McSherrystown, with the class of 1950, and of St. Joseph's Hospital School of Nursing, Lancaster, with the class of 1953.

The groom is a graduate of the University of Maine, with the class of 1950, and is presently employed at General Electric Corporation, Schenectady.

Around The Town

A lot of families were busy getting their first grader off to school this morning for the first day of school but in the home of Mr. and Mrs. Charles Prout, Fairfield Rd., there were three girls to start school today.

Ruth Ellen was not quite old enough to start school last year and began today. Meanwhile her twin sisters, Arlene and Irene, reached school age and joined her on a Cumberland Twp. bus to Belmont School today.

The same thing may happen again in a few years for there's another set of twins coming along. The twin babies in the Prout family are Donna and Doris.

We heard a story the other day about a rural tale that was out of service every morning—at least during the early hours—and farmers on the line showered the telephone company with complaints. They told company officials it sounded as though someone had a receiver off, preventing both incoming and outgoing calls.

The only tip they could give was that they could hear canaries singing. Phone company men checked for line patrons with canaries, found such a home and got a ready admission that the receiver was removed each night so that early morning ringing of the telephone did not disturb the slumbers of the man and his wife.

Waving aside a contention that the man "pays for his phone service and has a right to cut it on or off" as he wishes, the phone company warned that a repetition of the receiver stunt will bring a quick end to phone service in that household.

5 INJURED IN LAST 3 HOLIDAY AUTO ACCIDENTS

Five persons were injured in three auto accidents Monday afternoon and evening, according to reports from the local sub-station of the state police. The crashes brought to 15 the total for the week-end.

Three of those injured were in an auto driven by Mrs. Joan Brill Parsons, Harrisburg, formerly of Hanover, about 400 feet east of the Lincoln Speedway, in the Pigeon Hills.

According to police, Mrs. Lloyd Birkel, 77, Hanover, grandmother of Mrs. Parsons, called the driver's attention to the speedway. Mrs. Parsons looked and her car drifted across the highway to collide with a car driven in the opposite direction by Philip Edward Rader, 18, Littlestown R. 2.

Taken To Hospital
Rader suffered a laceration of the left eyelid. A passenger in his car, Wilbur Bechtel, 16, Hanover, had a cut lip and several teeth were broken. Mrs. Birkel suffered a broken right wrist, lacerations of the chin, neck and left knee. Robert Birkel, Hanover, also an occupant of the Parsons vehicle, suffered burnburns of the left leg. The injured were removed to the Hanover Hospital.

The two other accidents occurred about 9 o'clock Monday night. State police were patrolling at Cross Keys when they were called to Bonneauville to the scene of an accident. They found there a car with the right front wheel damaged where it had struck a concrete abutment. The driver had disappeared and a passenger was said to have been removed to the Hanover Hospital. No further details were immediately available with police continuing their investigation.

While at the Bonneauville the officers were recalled to Cross Keys where Robert Wright, 25, Philadelphia, had stopped on the Hanover-Cross Keys Road to read traffic signs and his car drifted into the right side of a car driven by Clyde Lester Hose, 24, York, going east on Route 30. Damage to the Wright car was \$85 and to the Hose vehicle, \$125.

OFFER PUBLIC X-RAY SERVICE

The Adams County Tuberculosis Society will conduct an evening x-ray program for the general public during the week of September 12-16 in addition to the school program which begins September 14 and concludes September 17.

The program which will begin on Lincoln Square in Gettysburg Saturday, September 12, at 2 p.m. will provide x-rays at the reduced rate of 65 cents. The society urges that those who do not qualify for free x-rays under the school program take advantage of the various community stops to be made by the mobile x-ray unit. There is no age limit on the x-ray program.

The x-ray schedule for the general public follows:
Saturday, September 12, The Square, Gettysburg, 2 to 7 p.m.
Monday, September 14, The Square, New Oxford, 7 to 8 p.m.
Tuesday, September 15, Main Street, Littlestown, 7 to 8 p.m.
Wednesday, September 16, Main Street, Biglerville, 7 to 8 p.m.

Birth Announcements

Born Saturday to Mr. and Mrs. Albert E. Rang, Abbottstown, at the Hanover Hospital, a daughter. Mr. and Mrs. Cornelius Knorr, Gettysburg R. 2, announce the birth of a son Monday at the Warner Hospital.

A son was also born at the hospital Monday to Mr. and Mrs. Charles Gebhart, Biglerville.

Mr. and Mrs. Wendell Lanfair, Westminster, are the parents of a daughter born at the hospital today.

A daughter was born Saturday at the Warner Hospital to Mr. and Mrs. Carl Hoff, Westminster, Md. It was incorrectly reported Monday that the child was a son.

Send 6 Today For Exams; To Draft 9

The Adams County Draft Board this morning sent six men to Harrisburg for pre-induction physical examinations and on Wednesday morning will send nine others for induction.

The group this morning included three countians and three transfers from other boards. They traveled by regular bus. Their names were withheld pending a report of the results of the examinations.

The men on Wednesday will leave at 6:35 a.m. by regular bus for Harrisburg.

COUPLE LICENSED

A marriage license has been issued at the Court House to Eugene Francis Sanders, son of Mr. and Mrs. Robert Anthony Sanders, 24 Fourth St., and Doris Joan Hann, daughter of Mr. and Mrs. Paul Ross Hann, Littlestown.

John F. Murdorff Ill With Polio

The diagnosis of Dr. Ira M. Henderson, Fairfield, that seven-year-old John F. Murdorff was suffering from polio was confirmed today for The Gettysburg Times by authorities at Harrisburg hospital. The youth's condition, described yesterday as "unsatisfactory," has improved and the youngster had made sufficient progress that hospital officials now term his condition "satisfactory."

According to hospital officials, the Murdorff youngster has a good bit of polio "involvement." He was taken ill on Saturday with a "sick stomach," and Sunday evening after a visit from Dr. Henderson was rushed to the Harrisburg hospital. He is a son of Mr. and Mrs. Norman Murdorff, Fairfield.

MRS. CONTI, 75, DIES ON MONDAY

Mrs. Louise Marie Conti, 75, widow of Joachim Conti, died at the home of her son-in-law and daughter, Mr. and Mrs. Conrad Hummel, Easton, Pa., Monday night. She had been ill in health for some time.

A native of France and former resident of Gettysburg, Mrs. Conti came to Gettysburg in 1912. Her husband, who died December 29, 1931, was a tailor and formerly was employed at Lippy's here. The Contis resided on Hanover St. here.

The only survivors are the daughter, Mrs. Hummel, and five grandchildren.

Funeral services at the Bender Funeral Home Thursday afternoon at 2 o'clock with Dr. Ralph R. Gresh, pastor of St. James Lutheran Church, officiating. Interment in Evergreen Cemetery. Friends may call Wednesday evening after 7 o'clock at the funeral home.

Dr. C. T. Wassem, 78, Town Native, Dies

Dr. Charles T. Wassem, 78, Philadelphia dentist and native of Gettysburg, died Monday in a Philadelphia hospital. He had been ill for several weeks with a complication of diseases.

Dr. Wassem was born and reared in Gettysburg but had lived in Philadelphia for many years and had practiced dentistry there. He was a son of the late F. T. and Teresa (Zhea) Wassem.

Survivors include a sister, Mrs. Margaret Maguire, E. Middle St.; his wife and three sons, Charles, John and Francis.

Funeral services will be held Thursday in Philadelphia.

REPORTS TIRE TROUBLE

Ruth Jeffcoat, Biglerville, reported to borough police Monday that someone had left the air out of the tires in her car Saturday night while it was parked on the south side of Chambersburg St. near the square and again on Sunday night when it was parked on the north side of Chambersburg St., also near Lincoln Square.

Chief Justice Vinson Dies Of Heart Attack Today; Ike May Appoint Governor Warren

WASHINGTON (AP)—Chief Justice Fred M. Vinson, a Kentucky jailer's son who rose to the highest judicial office in the nation, died unexpectedly of a heart attack early today.

The 63-year-old judge and former holder of many top government posts was stricken while at his Washington apartment.

His wife and his son, Fred Jr., were at the apartment and summoned a physician at 2:30 a. m. But Vinson died 45 minutes later.

Vinson took over leadership of the U. S. Supreme Court June 24, 1946, an appointee of former President Truman to succeed the late Chief Justice Harlan F. Stone.

The Kentuckian's death paves the way for President Eisenhower to make his first appointment to the Supreme Court bench.

Warren Is Mentioned
Eisenhower may name his choice within the next few weeks, since the high court is scheduled to open its next session Oct. 5.

It was believed most likely that he would designate the new appointee as chief justice. But he could also choose one of the present members of the nine-man court to be chief justice and name the new appointee as an associate justice.

There was some speculation that California's Gov. Earl Warren would be Eisenhower's choice. Warren, a Republican, announced last Thursday he would not seek re-election when his present term expires at the end of next year. He gave no hint of his future plans.

Ike Statement Later
At Eisenhower's vacation headquarters in Denver, Assistant Press Secretary Murray Snyder said

POPE AND IKE SEND GREETING MESSAGES HERE

Letters from Pope Pius XII, President Dwight D. Eisenhower and Dr. Walter C. Langsam, president of Gettysburg College, were read Monday morning at the solemn Pontifical Mass of Thanksgiving held as a climax of the observance of the 100th anniversary of the dedication of St. Francis Xavier Catholic Church here.

The letter from President Eisenhower mailed from Denver, Colo. and is dated September 2, follows: "I am delighted to learn of the centenary celebration of your historic church. This church, I understand, was used as a hospital during and after the Battle of Gettysburg, and I know that it has participated in numberless other ways in the historic development of Adams County and of our nation."

"May the priests and people of the St. Francis Xavier Parish continue, through the years ahead, to serve with such distinction their community and God."

Pope Sends Blessings
Pope Pius sent his pontifical blessing to the priests and people of the church.

Dr. Langsam wrote: "To the priests and people of St. Francis Xavier Catholic parish, Gettysburg: The president, board of trustees and faculty of Gettysburg College send cordial greetings and good wishes on the occasion of the centenary of the present parish church and hope that God may continue to bless them in the future as in the past."

Eighty-eight priests and the Bishop of Harrisburg attended the centennial observance. In the group were ten monsignori. Also present were about 60 nuns of various orders, many of whom taught here at various times during their careers.

Rev. John T. MacPherson, rector of St. Michael's Cathedral, Springfield, Mass., replaced the Rev. Mr. Metz as a deacon of honor at Monday's mass.

Appointed To Post At State College

J. Alfred McCauslin, son of Mr. and Mrs. A. R. McCauslin, 101 Springs Ave., will return September 12 to Pennsylvania State College, where he has been named the director of off-campus activities in the Department of education for the academic year 1953-54.

During the last year he was a graduate instructor in sociology and a dormitory resident counselor for the last two years. He received his B.A. degree in economics from Rollins College, Winter Park, Fla., in 1951; an M.A. degree in sociology from Penn State in 1952 and is currently working for his doctor's degree in higher education with a major in personnel. He is a member of Alpha Kappa Delta, Phi Gamma Mu, Phi Delta Kappa, and Iota Alpha Delta honorary fraternities and Lambda Chi Alpha social fraternity. He is listed in Who's Who in American Universities and Colleges.

R. Dale Guise Of Biglerville Is Elected New President Of County Firemen; Give Judge Sheely Fire Chief's Gold Badge

Firemen Honor Judge Sheely

PROPOSE TAX LEVY TO AID FIRE COMPANIES

A committee to determine the possibility of having a one-mill county tax levied to help raise funds for the county's 25 fire companies was named Monday afternoon at the 31st annual convention of the county firemen's association at Bonneauville.

Named to the committee were Calvin Lerew, East Berlin; County Fire Marshal John Murren, Centennial; Association President R. Dale Guise, Biglerville, and Association Secretary Roger Myers, Fairfield.

Firemen were agreed that "under present conditions" the fire companies need more support than they can secure through their own efforts, and thus authorized the committee to explore the possibility of establishing a one-mill tax. Such a tax, which would raise about \$17,000 per year for distribution among the companies, would come about only through a referendum election at which all the people of the county would vote.

Cite Current Problems
Firemen pointed out that in Maryland all of the fire departments receive public money to help them buy equipment needed to fight fires. The vote to name the committee followed a lengthy discussion on how to finance the fire companies.

Secretary Myers said: "The day is gone when you could buy a chassis for about \$600 and have a couple local mechanics build you a fire engine. Now with amortization of debt, upkeep, and figuring that you must replace a piece of apparatus in about 15 years, it costs about \$2,000 to \$3,000 per year to support one fire engine."

Calvin Lerew, of East Berlin, noted as a problem the spreading communities growing up outside the county: "Everywhere you go as you drive along you see more and more houses, plants, garages, going up."

Would Be Only Supplementary
"I don't know about other communities, but East Berlin doesn't have the equipment to provide the protection needed in its area. We have a lot more property to take care of than we had a few years ago, and equipment has become much more expensive."

The discussion on means of financing fire companies led Secretary Myers to comment: "Every time you go to a fire you move between \$15,000 and \$30,000 worth of equipment. You save a \$10,000 barn, and then the next time you go to solicit from the farmer he gives you a couple of fat chickens for your carnival. Not that we don't appreciate the chickens, but it is not enough to support a fire department."

The firemen agreed that a public tax would "make it possible for everyone to support the fire companies." They also agreed that

Red Cross To Have 1st Aid Tent At Fair

The Adams County Red Cross will conduct a first aid tent on the South Mountain Fairgrounds again this year with Mrs. Charles W. Wolf and Mrs. Raymond P. Hill as the registered nurses on duty each day and evening.

These nurses' aides were announced for the first four days of the fair: Today from 3 to 10 p.m., Mrs. LeRoy H. Winebrenner; Wednesday from 10 a.m. to 3 p.m., Mrs. Phyllis Hess, and from 3 to 10 p.m., Mrs. Margaret Krick; Thursday, Mrs. Grace Sheely and Mrs. Richard C. Lighter; Friday, Mrs. Rose Boyer and Mrs. Marian Stambaugh. Saturday's aides have not been announced.

Judge W. C. Sheely was presented with a gold badge as "Honorary Fire Chief of Adams County"; officers were elected for the coming year; arrangements were made for the annual memorial service, and much time was devoted to a discussion of a possible tax levy to help support the fire companies at Monday's 31st annual convention of the Adams County Volunteer Firemen's Association at Bonneauville.

Roger Myers, Fairfield, secretary of the firemen's association, presented the medal to Judge Sheely following the reading of a resolution passed unanimously at the convention.

The resolution, which represented action by the 25 companies of the association and spoke for its 3,500 members, set forth the "unfailing interest in the welfare of the volunteer fire companies" taken by Judge Sheely in the 18 years on the bench and expressed appreciation for the judge's willing response to appeals for his services as a speaker and for his "time, advice and help over many rough spots."

Other Officers Elected
R. Dale Guise, of the Biglerville Fire Department, who served as vice president last year, was elected president of the association to succeed John Poist, of the Conewago Company. Bernard Selby, Littlestown, was selected as vice president in the only contest of the election.

Officers renamed for another term included: Roger Myers, Fairfield, secretary; Edward Loeffel, Littlestown, treasurer; Rev. Robert C. Schiebel, Arendtsville, chaplain; John Murren, Centennial, fire marshal; Charles Noel, McSherrystown, was named as trustee for three years.

Leon Leppo was judge for the election of vice president with John Murren and Charles Noel as tellers.

Next At McSherrystown
McSherrystown was selected as the site for next year's 32nd annual convention, to be held on Labor Day, following the usual custom. Selection of McSherrystown was made by vote after East Berlin and Biglerville also had submitted bids for the next convention.

Following a custom started last year, the annual memorial service will also be held by the company chosen to have the annual convention. The McSherrystown firemen will hold the memorial service for deceased members of the county firemen's association November 15.

The new officers of the association were installed by James M. Baird Jr., Conshohocken, vice president of the state firemen's association.

Pa. Veep Speaks
Early during the session held in the St. Joseph's parochial school hall, Vice President Baird had brought greetings from the state association, and during his remarks had discussed at some length the outlawing of gambling in Pennsylvania. Pointing out that in the past some companies had used gambling devices as a money raising scheme at carnivals or festivals, he declared that such gambling, "even though it be for the best of causes," must be stopped. He outlined the state laws against gambling and expressed his hope that "no company would seek to support itself by illegal means."

Baird spoke again late in the afternoon when called upon to give further information on the handling of the funds received by the companies for firemen's relief.

Travel Figure Here Jumps Up Monday

Rainy weather Saturday and Sunday saw fewer visitors on the Battlefield than on the corresponding days last year but clearing skies on Monday brought a big influx of tourists into the National Park and topped the total for last Labor Day. Figures on the three days' travel were announced this morning by John Riddle, National Cemetery superintendent, who said 2,335 were counted Saturday and 3,864 on Sunday with Monday's total jumping to 4,343. The grand total for the holiday weekend was 10,742 as compared with 13,243 in the corresponding three days last year.

The totals for the last weekend include only two buses, one on Saturday and one on Monday.

PARKED AUTO DAMAGED

A parked car of Ray Fairman, Gettysburg R. 3, was damaged to the extent of \$50 in a collision at 3:20 p.m. Saturday in Exchange Place at the rear of the Sears Roebuck store, Hanover. Police said a car driven by Albert Baker, Hampstead R. 1, was backing from the store parking lot when it struck the right side of the Fairman car. Baker was uninjured and no damage resulted to his machine.

Here And There News Collected At Random

Last February's floods, which devastated large areas of the Netherlands and Great Britain, took their toll in damage of those countries' railroads, too. The very first estimates of the loss on the British Railways' Eastern Region was nearly \$1,500,000, costly under any circumstances but more so for England in her present difficult financial straits.

Britain's railroads and their employees, despite their own distress, turned in the kind of performance that has become expected of the tight little isle. In sixteen days during the disaster period, more than 140 special trains conveyed nearly 100,000 tons of material and supplies to the flooded regions, and the railroaders worked unceasingly at their jobs.

American rails, incidentally, came quickly to the assistance of their overseas friends. The New York Central ran a "Dike Train" through New York's Harlem and Hudson valleys, areas settled by the Dutch centuries ago, and collected nearly \$10,000 in funds for the flood victims of the Netherlands. The train was the idea of a Central conductor, who was later (Please turn to Page 6)

TRUMAN RAPS IKE'S POLICIES IN DETROIT TALK

WASHINGTON (AP)—Former President Truman's broad gauge attack on the Eisenhower administration, blanketing in its national defense policy, brought reaction of praise and criticism which generally followed party lines.

Speaking to a Labor Day crowd estimated at 155,000 in Detroit yesterday, with a nationwide television audience looking on, Truman assailed cuts made this year in the defense budget and said, "I don't see how anybody can take chances with our national defense."

And Sen. Dirksen (R-Ill.) put a similar reaction this way: "I am sure the country prefers to rely upon the wisdom of the man who commanded the invasion of Europe than on the artilleryman from Independence."

Criticism Regime
Truman, in his first speech on domestic affairs since leaving the White House in January, criticized the new administration's actions on interest rates, public housing, power development and labor-management law.

He termed the Taft-Hartley Act a bad law, and said he had failed to see it changed "as promised by the Republican candidate during the 1952 election campaign."

Overall, he told an AFL-CIO rally, "there are signs of a return to the old philosophy that the object of government is to help big business."

Truman also had harsh words for the law which gave the coastal states the right to oil and other resources in the submerged lands out to their historic boundaries.

Slams Tidelands Move

"Look what they have done with your immense offshore oil interests," he said. "They have given away billions of your dollars to pay a political debt . . . by comparison the teapot dome scandal was petty larceny."

Sen. George (D-Ga.) said of the speech: "It sounds a little bit political to me. I think the former President has something in that direction in mind for the party if he for himself."

Sen. Gillette (D-Iowa) said in Des Moines, however, that Truman had voiced a fear which he said is in most American minds, "and that is that the reactionary wing of the Republican party seems to have taken control of the present administration."

Chief Justice

(Continued from Page 1)

hope it is."

Vinson as chief justice did not write a large number of the court's opinions, but a number of important cases came before the tribunal during his stewardship.

Called Special Session

One of the most famous involved condemned atom spies Julius and Ethel Rosenberg last June. Vinson summoned his associates back to the bench shortly after the court had officially recessed, to weigh a last-minute stay of execution granted by Justice William O. Douglas. The court swept aside the stay on June 19 and the Rosenbergs were executed that night.

In a formal opinion issued later Vinson said Douglas had the power to issue the stay, but he defended the court's action in setting it aside and said the body had acted properly in meeting in prompt special session.

Held Many Offices

Vinson's elevation to the high court seven years ago capped a public career that included service in all three branches of the government. He was secretary of the treasury before being named chief justice.

During World War II he was appointed by former President Franklin D. Roosevelt to head in turn the Office of Economic Stabilization, the Federal Loan Administration and the Office of War Mobilization. Truman then chose him as treasury boss.

The Kentuckian first gained national fame as a member of the U. S. House of Representatives, to which he was elected initially in 1922 and for six congresses thereafter. As chairman of a House Ways and Means Subcommittee he championed the 1936 Revenue Act which contained a controversial provision on undistributed profits.

Born "In Jail"

Vinson liked to say he was born "in jail" on Jan. 22, 1890. His father was the jailer at Louisa, Ky., and the family lived in the front part of the jail.

In his youth Vinson played college baseball as a shortstop and was good enough to win a berth later on a semi-pro club. He always retained his love of the sport.

Besides his wife and Fred Jr. he is survived by another son, James R. Vinson; a grandson, James R. Vinson Jr.; and a sister, Miss Lou Vinson.

Truman was informed of Vinson's death shortly before boarding a plane at Detroit bound for his Missouri home.

"It is a terrible loss and a terrible shock," the former President said. "He was a great man and a great justice as well as a great citizen of the country. We'll all miss him."

Rev. William A. Janson, pastor of Messiah, officiated at the single ring service.

A dinner for about 50 guests was held at Pine Tree Inn. The newlyweds are on a trip to an undisclosed destination. They will live in Olean.

The bride, a teacher of first grade at Dillsburg, is a graduate of York High School and Elizabethtown College. Her husband, a graduate of Olean High School, works in the Niagara-Mohawk Electrical Corporation office in Olean.

Glass-Cox

Miss Regina Elsa Cox, daughter of Mrs. Joseph Schweizer of Kissimmee, Fla., and Clinton A. Cox of Perryville, N. Y., and Edgar Taft Glass Jr., son of Mr. and Mrs. Edgar T. Glass, were married in Folks, Ga., Aug. 23.

The ceremony was performed by the Rev. Weyman Cleveland of the Folks Methodist Church.

Mrs. Cox attended school in Syracuse, N. Y., before entering the Osceola High School where she was graduated with the class of 1933.

Mr. Glass graduated from the high school in Emmitsburg. He served in the armed forces in Korea for three years and is now associated in business with his father, owner of the Kissimmee Furniture Co.

Mr. and Mrs. Glass are at home on Maple Ave.

Sanders — Draper

Miss Marion Virginia Draper, daughter of A. M. Draper, Florida, and Mrs. Rosella Draper, Baltimore, Md., was married to Raymond Laver Sanders, son of Mr. and Mrs. M. Clifford Sanders, Hanover, in a double-ring ceremony performed at 11 o'clock Saturday morning in Trinity Reformed Church, Hanover. The Rev. Dr. Howard E. Sheely, pastor, officiated. Jesse Bethvon, minister of music, provided organ music. The bride's attendant was Miss Betty Hoffacker. A reception was held following the ceremony at the home of the bridegroom's parents, after which the couple left for a wedding trip to Atlantic City.

N. J. Sanders, a 1950 graduate of New Oxford High School, is employed by York Corporation. Her husband graduated from Hanover High School and is employed by the Standard Register Company, York. They will make their home at 600 Baltimore St., Hanover.

Will Hold Exams For Postmaster
WASHINGTON (AP)—Examinations for postmaster posts in 15 Pennsylvania communities have been announced by the Civil Service Commission.

The commission said in its announcement that applications for the tests must be filed by Oct. 6.

The Pennsylvania towns involved are: Middletown, Narberth and Donora, all in the first class category; Flourtown, Freedom, Mifflin, New Eagle, Saint Davids and West Brownsville, in the second class; and Gardiant, McVeytown, Perkiomenville, Salisbury, Sidman and Skippack, in the third class.

Supermarkets Can't Have Pharmacies

HARRISBURG (AP)—Pennsylvania supermarkets will be unable to operate pharmacy departments under a ruling of the State Board of Pharmacy.

The board made its decision in a 2-year-old case over the weekend, refusing to issue a permit to Benjamin Glassman and Philmore Solotoff. The two sought to establish a pharmacy department in a Cheltenham, Montgomery County store.

Dorr E. Crossley, deputy superintendent of public instruction in charge of professional licensing, said the refusal was based on the failure of Glassman and Solotoff to meet a space requirement of the law. That requires a prescription laboratory to occupy at least 15 per cent of the area of the store in which it is located.

LEWISTOWN, Pa. (AP)—A farm manager was fatally injured last night when a steer he was unloading from a truck became frightened and dragged him against a pole.

The accident occurred at the Port Royal Fairgrounds where the victim, Marvin Leroy Sanders, 30, Mifflintown R. 2, was displaying several head of Hereford cattle. Sanders was employed by the Maiback Farms in nearby Juniata County.

STOCKS HIGHER

NEW YORK (AP)—The stock market headed higher today after a three-day recess for Labor Day. Gains as well as losses were generally held to the smaller fractions with many leading issues unchanged. Railroads were higher for the most part as were utilities, copper, oils, rubbers and chemicals.

Hal Boyle, AP Reporter, A Poor Man's Philosopher Tells Of A New Labor Day

By HAL BOYLE
NEW YORK (AP)—Labor Day is a fine idea.

It gives the boss 24 hours in which to escape from the critical eye of the working man. It gives the conscientious employee the same respite from his stern duty of reminding the management there aren't enough towels in the washroom.

The theory behind Labor Day is great—that is, to honor labor by abstaining from it. And it is a sound theory so far as it goes, because any kind of work looks better from a distance than it does when you get involved in it.

The trouble with Labor Day is that it lives up to its name instead of the theory behind it. Both boss and hired hand work harder playing on Labor Day than they do playing they are working on an ordinary day. The put out enough foot pounds of energy on Labor Day to turn every wheel in America for a week.

Why not save all this wasted energy? Why not have a "no-labor-and-no-play" day?

As it is now millions of Americans must work on Labor Day in order that other millions may play. That is the way our civilization is geared.

But how about a law creating a national public holiday on which everybody and everything would be forbidden to do work of any kind, or play in any way? The law would apply to men, animals and machines. It would enforce complete and absolute rest from dawn to dusk.

All beaches, filling stations, bars, restaurants, theaters and highways would be closed. All power plants would be shut down. There would be no television or radio programs, no ball games, no newspapers printed. The zoos would lock up, too, thereby denying the caged inhabitants the pleasure of laughing at human visitors.

Cops could stay home and cool their bunnions as no burglar would dare burgle on that day.

Keep Hospitals Open

The only human institutions allowed to remain open would be a few hospitals, as no law can keep a fellow from dying, falling ill, or getting himself born. Hens would be permitted to go on laying and cows to give milk, as there isn't much Congress could do to stop them either.

But for everybody else—repose, peace, no work or duties or energy-wasting pursuit of pleasure of any kind.

What a silence would fall in every city, as fresh winds cleansed them of all smoke and factory fumes! How serene all America would seem! Nobody doing anything except just lying in bed resting... dozing... dreaming... resting... all day long.

Well, it's a fine goal, this "no-labor-and-no-play" day. There's only one thing wrong with it. It wouldn't work.

Drive Yanks Crazy

It would drive Americans stark crazy. They couldn't possibly sit or lie still that long. They aren't made that way. They either have to be doing something or going somewhere.

By 10 a.m. the housewives would be saying to their husbands, "Law or no law, this house is going to be cleaned. And you get up, you loafer, and help me."

By noon, to keep from breaking the law at home, the husbands would be out breaking the law everywhere else, and every saloon would have a back door open. The highways would be jammed by mid-afternoon, and bootleg gas would be selling for a dollar a gallon.

Before nightfall every city would sound and smell the same as usual, and 160,000,000 happy lawbreakers across the nation would be telling each other:

"I guess we showed the govern-

ment it can't make an American take a holiday lying down."

NEW BOOKLET ANSWERS 291 U.S. QUESTIONS

By JAMES MARLOW
WASHINGTON (AP)—Every member of Congress receives questions about the government from the people back home. Out of this quizzing has grown a 68-page booklet, just published by the government, answering 291 questions.

The booklet had its origin many years ago when a Texas Democrat, Rep. Wright Patman, began writing a weekly newsletter to the newspapers in his district and each week included the answers to three questions that had been asked him.

For instance: What is the salary of the President, the vice president, a senator? How did the Democratic and Republican parties get their names? What is gerrymandering? Can a congressman be impeached? What is a veto and how does it work?

Had Many Requests

After Patman had collected a pile of such questions, and had provided answers, he began to get requests for them in batches, particularly from schoolteachers. And as a member of Congress he was in a good position to get answers to the people's questions.

If he didn't know the answers himself—looking them up would take a lot of his time just as it would for the people asking questions at home—he could call on the staff of the Library of Congress, a block from the Capitol, to do the research for him.

In the early 1940s Patman's fellow congressmen in the House, who had been receiving the same kind of queries, voted to have a government booklet printed, wrapping up a bunch of questions and answers, for sale and distribution to the public.

Reprinted and Enlarged
From time to time the booklet was reprinted and enlarged. Patman estimates that about five million copies of the booklet have been distributed. This year another edition was authorized and it has just come off the press.

It was prepared by Patman and W. C. Gilbert of the Library of Congress. Its name is, "Our American Government: What Is It? How Does It Function?"

About 500,000 copies were turned out for senators and members of the House. If you want one free you can write to your senator or representative. Or you can buy one for 20 cents from the Superintendent of Documents, United States Government Printing Office, Washington 25, D. C.

While this booklet is far from being an encyclopedia on government, it does have in one handy package answers which a schoolchild or his parents or a group might not be able to find at home or in a local library, even after hours of searching.

BUTLER, Pa. (AP)—State police blamed gas today for a Labor Day explosion which wrecked Nick's Inn on Route 8 four miles south of here. An employee suffered minor cuts on the head and legs.

Clair Crooks, 47, said the blast occurred as he threw a switch to turn on a neon sign. Flying glass and debris cut him. Three other persons in the tavern escaped injury.

Bardo was employed in the railroad-bus station office.

Miss Bowers, a student at Lock Haven (Pa.) State Teachers College, was employed here this summer as a hotel waitress.

Freed Yankees Praise Priest For Spiritual Uplift In Camp

FREEDOM VILLAGE, Korea (AP)—Three repatriated officers described Sunday how a Catholic priest gave a spiritual lift to men of all creeds only hours before he died.

They said Chaplain Emil J. Kapoun of Pilsen, Kan., was the "man who did more than any others for" the POWs. The priest, an Army captain, died in captivity on May 23, 1951, but the three returnees are determined his memory will live forever.

The men, Marine Warrant Officer Felix J. McCool, 41, of Glendale, Calif., Lt. Ralph A. Nardella, 34, of Paterson, N. J. and Capt. Joseph L. O'Conner, 35, of Spring City, Pa., brought back with them a hand carved crucifix they plan to give to the priest's boyhood church in Pilsen.

Captain Leads Chaplain

The cross had been carved by Marine Capt. Jerry Fink, of Chicago, who was released earlier. Fink, part Jewish, also had lauded Kapoun.

Father Kapoun held church services until his health would not permit him to get out of bed. He was not, however, able to hold mass because the Communists had lost his mass kit.

Nardella said the priest—once bed ridden—asked him to carry on the church services and "I promised him I would."

The spiritual uplift that Father Kapoun was able to give to prisoners of all faiths was legend, the three officers said, but he also had the reputation of being the "best scrounger" in the prison camp.

"Best Food Thief"

O'Conner said:

"Maybe I shouldn't say it but he was the best food thief we had. He stole from the Chinese for the men. He always used to say a prayer to St. Dismas (the penitent thief) before he would go out scrounging. Once he came back with a sack of potatoes. How he got it I'll never know—it must have weighed 100 pounds."

The priest's sense of humor, they said, was outshone only by his courage. O'Conner told of his having two pipes shot out of his mouth before he was captured. And once he said mass under an artillery barrage. "I was a little gun-shy but he stood up there and said mass without flinching."

Dies Of Malnutrition

Nardella had to "open negotiations" with the Chinese for permission to bring out the crucifix. They never gave permission until the last minute.

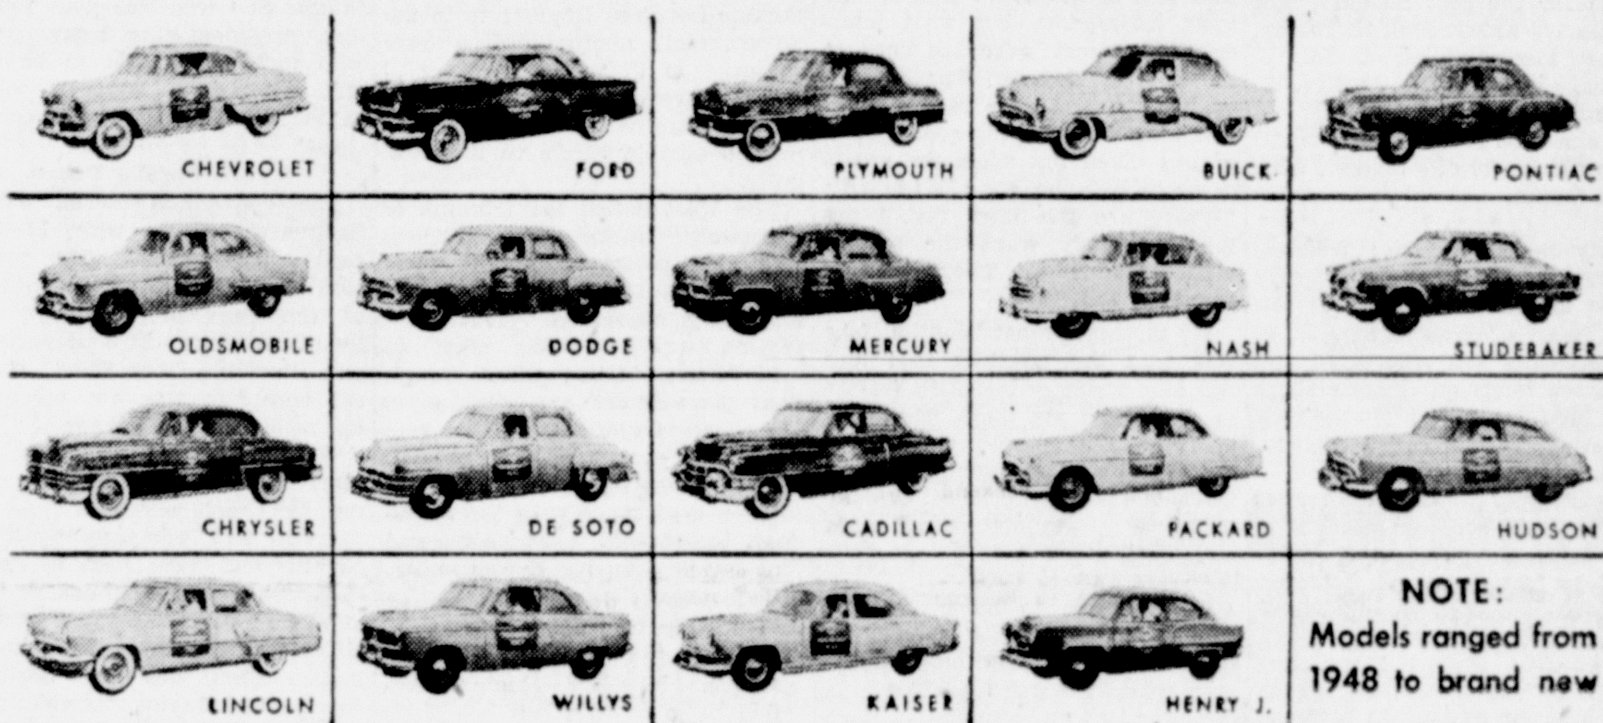

A blood clot in his leg forced Father Kapoun to remain on his bed. There he wasted away and died of malnutrition and complicating pneumonia.

The crucifix was finished in July, 1952. It was used at all services and suspended from the ceiling. Nardella said that "Chinese who had some Christian training showed respect for the crucifix but those who had not ridiculed them."

The three men said that the priest had wanted to give \$1,000 to charity and they have begun a "Father Kapoun fund" so his goal would be realized.

Blue Sunoco Beats 15 Premium-Priced Gasolines

Gives you up to 12.4% more miles per dollar... Matches 15 premium-priced gasolines in acceleration and performance!

High-Test Blue Sunoco was tested against 15 premium-priced gasolines, with all their latest "improvements". Yet Blue Sunoco, selling at regular gas price, matched the acceleration and over-all performance of these gasolines, which cost up to 3¢ more per gallon!

Here's news of interest to everyone who drives a car. The United States Testing Company certifies final results of the 5-state, 25-car road test of gasoline mileage. Of the 16 gasolines tested, High-Test Blue Sunoco, the only regular-priced brand, gave up to 12.4% more miles per dollar and matched the acceleration and over-all performance of its 15 premium-priced competitors.

One Grade—Highest Quality

For over 25 years, Sun Oil Company has produced one—and only one—highest quality gasoline. This single-grade gasoline policy results in savings on tank ships, trucks, storage tanks, and

pumps. These savings have been used to build special advanced manufacturing equipment. This, with Sun's exclusive processes, offers motorists a superior, premium-performing gasoline.

Test Blue Sunoco Yourself

Test High-Test Blue Sunoco yourself in your own car, and you'll see—it gives you premium gas performance at only regular gas price. While at your Sunoco dealer's, ask him for details, including the names of the premium-priced gasolines tested against Blue Sunoco in the road tests. Drive in at the Sunoco sign!

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTY YEARS AGO
Opening of Seminary: The Lutheran Theological Seminary opened Tuesday with a goodly number of students in attendance.
Dr. Luther Kuhlman, who was elected to the chair of Biblical Theology, was installed by Rev. A. R. Stock, secretary of the Board of Trustees.
Ziegler-DeLong: William E. Ziegler, eldest son of Hon. and Mrs. Wm. T. Ziegler, of this place, was united in marriage to Miss Julia M. DeLong, of Hanover, on Tuesday. The ceremony was performed at Baltimore at which place the groom holds a position in the electrical department of the Baltimore and Ohio Railroad. The bride is one of Hanover's agreeable and very popular young ladies.

Stately Foreman: On Tuesday Miss Rose G. Foreman, daughter of Dr. and Mrs. E. K. Foreman, and Francis R. Staveley, both of Littlestown, were quietly united in marriage at the parochial residence of St. Aloysius Church, by the Rev. Father Kohl.
The bride was attended by Miss Julia Foreman. The groom's best man was Samuel Staveley. A reception was held at the bride's home from 1 to 3 o'clock. A most tempting luncheon was served.
They will occupy a newly furnished house in Littlestown.

Stover-Butt: George Stover, son of Jacob Stover, of this place, was united in marriage Wednesday morning to Miss Annie Butt, daughter of William Butt, of Cumberland township. The ceremony took place in St. Francis Xavier's Church and was performed by Rev. Father T. J. Crotty in the presence of a few friends.
Parker-Gulinn: Miss Margaret Gulinn, formerly of Greenmount, but who have been living in Philadelphia for the past several years, was married to Mr. John H. Parker, at the Pitzwater Street M. E. Parsonage, Philadelphia, by Rev. W. H. Pickop Wednesday evening.
Mr. and Mrs. Parker spent several days with the bride's mother, Mrs. Jennie Gulinn.

Pretty Home Wedding: Wednesday at noon Miss Annie Schriver will be united in marriage to Mr. John Tyser, of Washington, D. C. The ceremony will take place at the bride's home on Chambersburg Street and will be performed by the Rev. V. T. Rue, assisted by her cousin, Dr. Luther Kuhlman.
Miss Maggie Wills will render Mendelssohn's wedding march.
The bride, the youngest daughter of Mr. and Mrs. George W. Schriver, has taught school for a number of terms in the county.
Immediately after the ceremony a wedding dinner will be served and the happy couple will leave on the 3:32 train for Washington where they will make their future home.

Local Miscellany: The Parochial school of this place opened Monday with a larger attendance than usual. There was a slight frost along the streams in this section Monday morning.
The employees of the Electric Railway company held their annual cake at Round Top Thursday evening. About 25 were present to enjoy the event.
Oysters are now held to be in season.
Fred Thorn has opened a barber shop on Carlisle Street, in the room recently occupied by Felix Folger, as an oyster saloon.
Chas. S. Duncan, Esq., has sold the old Wills property, southeast corner of Center Square, to Mr. and Mrs. S. A. Hammond, for \$18,000, including all the personal property in the building owned by Mr. Duncan to the amount of \$1500.

Miss Annie Hake Honored: Miss Annie Hake, the popular teacher of the A. Grammar school, this place, was recently presented by the Ladies of the Gettysburg Circle of the G.A.R. with a beautiful gold badge, as a mark of their appreciation of her services as the first president of the local organization.

Prohibition Convention: The Prohibition County Convention was held in the Court House Monday, at which time resolutions were passed and

TOUGH EXECUTIVE
"A tough executive is he."
Some men would say,
But let him once a waitress see
With loaded tray,
He'd leave his chair and go to ask
If he could help her with the task.

Some said: "That fellow's showing off."
He not that kind."
"That's just an act," said men who scoff
At good they find.
"Assist a waitress, plainly tired?
To carry trays for the woman's hired."

"To some, I know this strange appears."
One day said he,
"But every time a waitress nears
One face I see.
For me, throughout my college days,
My mother carried heavy trays."

Today's Talk

By GEORGE MATTHEW ADAMS

WRINKLES
As I shave in the morning I note these past few years that a few little lines start sprouting on the surface of my face. They are what are known as wrinkles. They do not mind. I shall not have my face lifted to make them disappear! I listen to the silent talk of those tiny wrinkles. They tell me that I have lived.

One of the most interesting faces in history was that of Abraham Lincoln. Deeply etched were his wrinkles, but they told a great story of his entire life. Struggle, kindness, suffering, humility, and patience, are all shown in the wrinkles of his face, as depicted in the many fine photographs of him.
I once met the well-known criminal lawyer, Clarence Darrow. With the late William Allen White we travelled all day out of Denver, after the last Bryan convention. The talk of these old friends was most interesting, but what interested me most were the lines in the face of Darrow. For hours I studied them. I once read a story that told of his having some photographs taken but when the proofs came to him, he exclaimed: "Where are the lines that I put there? I don't want the picture without the lines. They cost me years of toil!"

My mother's most beautiful face was with the wrinkles that love and long years of unselfish service to others had put there. The faces of youth are smooth and attractive, but there is nothing written there. It takes experience, defeat, suffering, disappointments, and sorrow to mark a face—and then it's something to note.
I would like to have seen the face of old Ulysses of whom Tennyson wrote so inspiringly. There must have been a face that was furrowed with wrinkles—a face that shone with use! Never try to cover up a wrinkle. You may need it as life's best testimonial!

Tomorrow Mr. Adams will talk on the subject: "A Lake."

ADENAUER IS BEGINNING ON UNIFYING TASK

By GEORGE BOULTWOOD
BONN, Germany (AP)—German's victorious Chancellor Konrad Adenauer today began welding a new German government dedicated to the "liberation" of East Germany and close armed alliance with the West.
The 77-year-old Christian Democrat chief opened talks with political leaders on the shape of his new administration after thanking West Germans last night for the votes that put him firmly in the saddle for another four years.
Speaking to a huge victory rally gathered in the Bonn town square, Adenauer called on his people for a mighty, united effort to release the 18 million East Germans from the "yoke of Soviet oppression and slavery."

Bundestag Meets Oct. 2
The Chancellor's consultations on his new government were expected to be short. He is scheduled to present plans for the new lineup Thursday to a committee of his party.

The new government must be approved by the incoming Bundestag (lower house of Parliament), which is expected to meet here for the first time Oct. 2.
Some sort of coalition seemed inevitable. The big question today was how many parties would be represented.

150 For Opposition
The voting Sunday gave 48 Bundestag seats to the Free Democrats and 15 to the German party, both members of Adenauer's government bloc since 1949; 3 to the Centrist party, which said it would vote henceforth along with the Chancellor; and 27 to the new Refugee party formed by the millions of fugitives from Communist-occupied Germany.

The opposition Socialists garnered the other 150 seats.
Adenauer certainly again will include the Free Democrats in the government, giving him a safe majority of 97 votes.

Over 86 Pct. Voted
More than 86 per cent of the 33 million eligible voters went to the polls.
The West hailed the triumph of Adenauer's forces with obvious relief and pleasure. Official statements from Washington, London and Paris expressed "great satisfaction."

In Denver, Colo., where President Eisenhower is vacationing, U.S. Secretary of State Dulles said the chief executive was pleased with Adenauer's victory. Speaking after a conference with the President, Dulles said the triumph was "far more than we dared to expect."

vanity by out of state insurance companies is divided among the townships and boroughs to be turned over to the fire departments as a special fund to provide insurance for the members of the fire companies who may be injured or incapacitated in line of duty as firemen and also to provide funds for their widows and orphans, Baird said.

Warning Issued
Some companies in the county have as high as \$10,000 to \$15,000 in those special funds, Secretary Roger Myers reported. Myers and Baird held that the companies could legally borrow money from the special funds to help pay for equipment if needed. But both pointed out that the borrowing "must be legitimate, it must be repaid, and there must be intention to repay." Myers said: "There must be enough money in the fund to take care of the firemen, that is what it is for. All you need is for one man to suffer injury in a minor fire, perhaps fall from a roof and suffer a spinal injury, and your \$10,000 or \$15,000 could disappear in a few months."

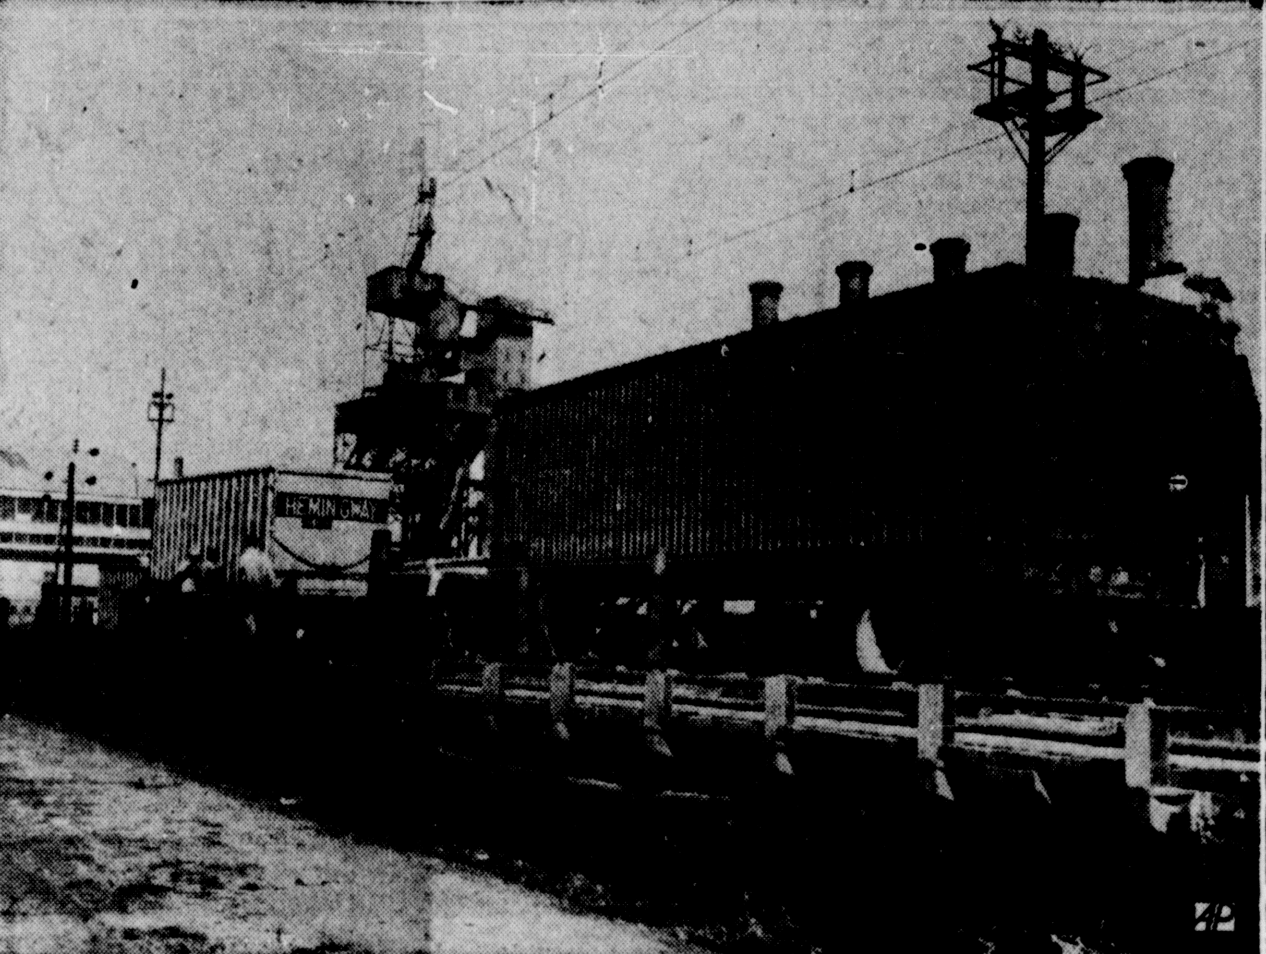

At the same time Myers and Baird held that by borrowing from the fund, and paying interest, the companies could not only "hide" money over a rough spot, but make a little money for the relief fund as well.

Judge Speaks
Judge W. C. Sheely, in an address given after the presentation of the badge, told the firemen: "By putting into practice our American traditions we do more than anything that can be said to combat communism. And our fire companies are democracy in action. They are made up of men

from all walks of life who answer a request for fire service or rescue, or any other call for help with but one idea — 'What can we do to help?' — never 'Whom are we helping?' The firemen devote just as much effort to combating a blaze in the smallest shed as they would in the greatest mansion. They give of their time and effort to help the poor as well as the rich.

"In addition, the fire companies provide a community center in every community where they are established. Truly they are the most American of our establishments."

Judge Sheely told the group to "recall the men who helped establish your organization. We should pay tribute to them today. To 'Jim' (James B. Aumen, W. Middle St.) who was your founder and president for many years, who today is unable to be present, but who I know is waiting to hear the details of the convention."

Award Parade Prizes
The convention closed with a firemen's parade with 17 companies participating. The procession was headed by the officials of the convention in cars and the Gettysburg Fire department and Blue and Gray Bands. The local company was not competing for prizes in the parade.

The judges, Edward Smith, John Murren and Henry Noel, awarded the \$50 first prize for best appearing fire company with apparatus and most men in line to Pleasant Hill, which had 38 men in line of march. Second prize of \$15 went to Irishtown, with the judges noting that while Irishtown was dropped to second place because the prize was to be given to best appearing with most men in line. Irishtown had about 18 in line of march. The \$25 award for best appearing band went to the Taneytown drum and bugle corps with the Irishtown contingent.

Committee Named
The \$15 prize for the company traveling the longest distance went to Mt. Holly Springs.

At the convention County Fire Marshal John Murren reported that damage in 17 fires reported to him totalled more than \$1,500,000, the largest loss in the county fire marshal's records. The loss of the Fairfield Shoe Co. at Fairfield, estimated at \$1,500,000, was by far the largest loss of any one fire in the county history, Murren said in the 16 other fires reported to him, personal property loss was \$7,010 and real estate loss was \$29,700.

Committees appointed at the convention included: Publicity, Paul Althoff, Littlestown; C. E. Dear-dorf, Cashtown; Archie Himes, New Oxford; Fire Prevention, John Murren and the fire chiefs of the 25 companies in the county; Year book, George March, Gettysburg, and Edward Loeffel, Littlestown.

PULCHRITUDE ON PARADE TODAY

ATLANTIC CITY, N.J. (AP)—A parade of pulchritude today gives boardwalk strollers their first glimpse of each of the 52 beauties seeking the "Miss America of 1954" crown.

The boardwalk parade will display each contestant on a special float as 19 bands marching alongside provide brassy fanfares.
But the real grind for the girls doesn't get under way until tomorrow night when they start matching curves and talent on the stage at Convention Hall.

It will all be over Saturday night with one of the beauties winning the crown, plus a total of about \$50,000 in personal appearance fees, scholarships, endorsements, wardrobe and a car.

Leading today's parade will be crooner Eddie Fisher, this year's grand marshal.
The girls will be judged on a point system in bathing suit, evening gown, talent and personality competition.

BALTIMORE (AP)—A druggist annoyed at three small boys asking for "3-D comic books" while he was trying to fill prescriptions, was fined \$50 yesterday for forcing a swab of ammonia into the mouth of one of them.

Stephen Golander, 9, testified that the second time he and his two chums asked druggist Stanley S. Taub if he had comic books, Taub came after them with a piece of cotton and a bottle.
Taub denied touching Stephen and said he was only trying to scare the boys away.

British Claim Jet World Speed Mark

LITTLEHAMPTON, England (AP)—Britain claimed today that her new swept-wing Hawker Hunter jet is the world's fastest fighter plane.
She based the boast on RAF Squadron Leader Neville Duke's record-setting average speed of 727.6 m.p.h. in the aircraft yesterday.
Duke's record, still subject to official confirmation, topped by 11.91 m.p.h. the mark of 715.69 set in July by U.S. Air Force Lt. Col. W. F. Barnes in an American Sabre.

BIG 3 TO GET TRIESTE CASE

ROME (AP)—Angry and worried, Italy prepared today to throw the bitterly disputed Trieste question back into the laps of the Big Three Western Powers.
Premier Giuseppe Pella's temporary government kept a tight-lipped public silence over President Tito's speech Sunday in which he proposed that the strategic Adriatic port city be internationalized and Yugoslavia get the rest of the Trieste territory claimed by Italy.

But informed sources close to Pella's Cabinet said Italy would ask—or already has asked—the United States, Britain and France for concrete information on what they plan to do about Tito's new-est tack.
Pella was expected to answer Tito in a speech next Sunday. It appeared certain he would reject flatly the Yugoslav proposals.
It was there they spent their wedding night.
The beautiful couple were married yesterday in a civil ceremony at Turin's City Hall after a summer-long romantic vacation together in southern Europe's favorite vacation spots.

Brooks Win Pair While Braves Slide Farther Back With Two Losses To Cubs; Yanks Divide

By JOE REICHLER
AP Sports Writer

Too bad the National League season has only three more weeks to go. Otherwise the runaway Brooklyn Dodgers almost certainly would challenge Pittsburgh's record 27½-game bulge of 51 years ago.

With the pennant in sight, the Dodgers have been getting hotter by the minute. Since Aug. 7, exactly a month ago, the power-packed Brooks have won 28 of 33 games to boost their lead over Milwaukee from 7½ to 13 games. Yesterday's two Brooklyn triumphs over Philadelphia while the Braves were knocked off twice by Chicago gave the Dodgers their longest lead of the year.

The Dodgers would have to win all their remaining 16 games while the Braves were dropping their 16 to better the 1902 pennant-winning Pirates' record. That, of course, is practically an impossibility.

Almost Sure To Win

However, the Dodgers are almost certain to win their seventh flag, second in succession by one of the largest margins in modern times. Only five National League champions won by a larger margin than the Dodgers own today.

Brooklyn gained its 50th and 96th victories yesterday by knocking off Robin Roberts and Curt Simmons by identical 6-2 scores. The Dodgers need only nine more to better the team record of 104 victories by the 1942 Dodgers. Only 10 National League clubs have won more than 104 games.

The Dodgers can clinch the flag this week. They need only a combination of four victories or four Milwaukee defeats to eliminate the Braves mathematically.

Phil's Join The "Dead"

The Phillies joined the Giants and Cardinals among the "dead" yesterday as Roberts absorbed his 13th defeat and Simmons his 12th. Four Philly errors and Duke Snider's 37th home run helped Carl Erskine to his 18th triumph in the opener. Roberts now has lost four of his last five starts since winning his 20th game.

Roy Campanella ruined Simmons in the nightcap with a three-run homer in the sixth inning that erased a 2-1 deficit. His three RBIs on the 39th homer enabled him to break Bill Dickey's RBI mark for a catcher. Campy now has 136 RBIs, three more than Dickey drove in with the 1937 Yankees. The victory went to Billy Loes, who hurled a four-hitter for his 12th success.

Hank Sauer was the chief Milwaukee tormentor, leading the Cubs to a pair of triumphs, 4-3 and 6-4. The big outfielder drove in a run and scored twice with a double and single in the first game and accounted for two runs with a triple in the second game.

Yankees Split

Cleveland's Indians shaved New York's American League lead to nine games, winning a pair from the St. Louis Browns while the Yankees were held to a split in a double-header in Boston. Home runs by Al Rosen, Larry Doby and Dale Mitchell gave the Indians a 10-7 victory after Bob Lemon had blanked the Browns 3-0 in the opener.

Rosen's homer enabled him to retain the league lead over Philadelphia's Gus Zernial, who also belted a four-bagger. The Cleveland third baseman leads Zernial 39 to 38. Lemon hurled a six-hitter for his 19th victory.

Ted Williams hit his ninth homer with a man on base and singled in another run in the Red Sox's 4-4 opening triumph over the Yankees. Mel Parnell won his 10th but needed help from Ellis Kinders. Joe Collins paced the Yankees to a 5-3 second-game victory with four hits, including a home run.

Tigers 6th Now

Detroit's Tigers climbed into sixth place for the first time this season, whipping the third-place Chicago White Sox twice, 6-2 and 4-2. Ned Garver and Billy Hoefl handed the fading Sox their third and fourth successive losses. Walter Dropo batted in three Detroit runs in the opener and Ray Boone did the same in the nightcap.

Washington trampled the Philadelphia Athletics twice, 13-2 and 6-3, as Jimmy Dykes' carp plunged into seventh place. Pete Runnels paced an 18-hit attack in the opener with four safeties. League-leading hitter Mickey Vernon rapped two doubles and a triple in the nightcap. Third baseman Eddie Yost drove in three runs and scored seven—five in the first game—with three doubles, a homer and single.

1st Double Win For Bucs

Red Schoendienst and Stan Musial led the Cardinals to a double victory over the Cincinnati Reds, 4-3 and 1-0. Schoendienst singled in the winning run in the ninth inning of the opener. He had homered with a man on base ear-

lier. Musial doubled in pitcher Harvey Haddix with the game's only run in the nightcap. Haddix permitted six hits for his 17th triumph and fifth shutout. The twin triumphs moved the Cardinals into third place.

Pittsburgh's last-place Pirates won their first double-header of the year at the expense of the Giants 9-7 and 5-3. Eddie Pellagrini had four straight hits in the opener, including a home run. Paul La Palme spaced nine hits for his seventh triumph in the nightcap as Danny O'Connell homered to extend his hitting streak to 18 consecutive games for the winners.

TONY TRABERT UPSETS SEIXAS FOR U. S. TITLE

FOREST HILLS, N. Y. (AP)—The United States' new tennis champion is a freckle-faced, 23-year-old ex-sailor from Cincinnati whose immediate interests are marriage, the Davis Cup and college—not a pro career.

"I haven't had any professional offers," tow-headed Tony Trabert said after crushing Wimbledon champion Vic Seixas 6-3, 6-2, 6-3 in yesterday's finals of the National Tennis Championships at the West Side Tennis Club.

"If I had one, I wouldn't be interested. I'm not ready. I'd like to win this thing again, maybe a couple more times, and also Wimbledon. Then maybe."

This is heartening news for American tennis, which during the past week has seen the pendulum of world supremacy swing again in its direction.

In Trabert and Seixas, the United States has the No. 1 and No. 2 players in amateur tennis—take your pick on the order—and will be heavily favored to take the Davis Cup from Australia next December.

"Sure, I think we'll win it," Trabert said after his surprising victory over Seixas. "Australia is counting on those kids (Ken Rosewall and Lewis Hoad both 18). I don't think they're old enough to stand the pressure."

Sometime before or after the Aussie event, Trabert plans to marry a stunning brunette named Shauna Wood from Salt Lake City, Utah. She was "Miss Utah" in the recent Miss Universe contest. She was here to see Tony's greatest triumph.

It's Connolly Aain

The women's championship was won for the third straight year by Maureen "Little Mo" Connolly, who'll be 19 Sept. 17.

Maureen, playing at the top of her game, downed Doris Hart of Coral Gables, Fla., for the fifth time a beaten finalist, 6-2, 6-4. Then Little Mo disclaimed any plans for turning professional this year.

EZZARD TRIES AGAIN TONIGHT

PHILADELPHIA (AP)—Ezzard Charles, who has been coming back almost as long as Little Sheba, keeps another one of those "must win or else" boxing engagements tonight against Harold Johnson, young, aspiring Philadelphia light heavyweight.

The two Negro boxers are scheduled to mix it up for 10 rounds at Connie Mack Stadium.

Should the 32-year-old Charles win, he has been promised a crack at the heavyweight title he once owned.

On the other hand, the 25-year-old Johnson's manager, Tommy Loughrey, claims Harold has been promised a light heavy title go even if he loses, providing of course, he makes a good showing.

A crowd of 14,000 fans paying an estimated \$50,000 is expected at the fight. There will be no radio broadcast or telecast.

NEW CHESS CHAMP

YORK, Pa. (AP)—Robert D. Sobel of Philadelphia is the new chess champion after winning out over 67 entries in the 15th annual state tournament.

Sobel, 19, defeated Attilio DiCamillo, also of Philadelphia, and two-time state champ, in the seventh game yesterday to take the title. Third went to Vladimir Dbo-manov, also of Philadelphia.

Donald H. McClellan, Jeannette, last year's victor, did not defend his title.

As a result of his skirmish with N. Y. Giant manager Leo Durocher September 6, Dodger outfielder Carl Furillo wears cast on his left hand at Ebbets Field, Brooklyn, N. Y., before Dodgers-Phillies Labor Day doubleheader. Carl's hand was broken when he was stepped on as fight between him and the Giant manager was broken up at the Polo Grounds in New York. Furillo, currently leading National League hitters with a .345 average, will be out of action about 10 days. Warren Giles, president of the National League, indicated September 7 he will do nothing about the Durocher-Furillo incident.

Carlisle High In Process Of Rebuilding Grid Squad; 17 Lost From 1952 Varsity

(Editor's Note: This is the first of a series of articles dealing with the 1953 Southern Pennsylvania Conference football prospects. The second touching on Chambersburg High School, will appear Wednesday.)

CARLISLE, Sept. 8.—Ken Millen, affable red-headed skipper from the coal regions who brought Carlisle High School out of the football wilderness, is faced with a giant rebuilding program as he prepares the Thundering Herd for the 1953 campaign.

Millen and Carlisle High School suffered more heavily than any other Southern Pennsylvania Conference team from graduation, losing such backs as Dick Gypress, top All-Conference choice in '52 who shared the conference scoring title with his teammate, Dick Smith (now a freshman at Dartmouth) and Benny Beitler, stellar quarterback; Jim Lackey, 210-pound All-Conference tackle who has entered Western Maryland; Phil Bensing, towering end; Andy Coulson, regular guard, and Bob Rowe, called by Millen as the best wingman he ever coached. In all Millen and Carlisle lost 17 members from the varsity squad which captured five of seven conference games in 1952.

Four Regulars Remain
Millen has only four regulars back around which to build this year's team, a club that will have to go all out in an effort to keep its first-division hopes alive.

Glenn Hassinger who was overshadowed by the brilliant running of Cypress and Smith, is the sole regular in the backfield where Millen will have his smallest combination since coming to Carlisle.

For the rest of the backfield he must depend on little Duane Ream, a 5-4 third-stringer from last season, and Larry Warner and Charley Owens, who saw some action as reserves, along with Ronnie Lay, another third-stringer from last year.

The forward wall is a little better off than the backfield. Here Millen has three veteran holdovers but he will lack depth when the "big ones" roll around in October and November.

Bill Rowe, 175-pound junior center who was a terror on defense a year ago heads the list of regulars which includes towering Bob Delancey at end and husky Lee Baker, a guard who has been moved out to tackle.

"Long" Fall Forecast
From here Millen must count on reserves, Ellsworth Minnich, guard; Jim Cochran, end; Mike Sweeney, a guard, and Joe Clopper, a linebacker who is only a junior and may come through in time to give Millen the necessary strength in the line.

Millen sizes it up this way. "It looks like a long, cold fall for Carlisle High School." And after watching the squad who are inclined to agree with him.

Howard Everitt In Bill Waite Tourney

SHAWNEE-ON-DELAWARE, Pa. (AP)—Howard Everitt of Atlantic City, former Pennsylvania state golf champion, leads the list of players today in the regular class qualifying round of the 8th annual Bill Waite Memorial Golf Tournament.

Among others competing in the regular class are Willie Turnesa of New York and H. H. (Billy) Haverstick, Lancaster, Pa. Leading the field of entries in the senior division for the Fred Waring Trophy are John Roberts of Columbus, Ohio, and Steven Berrien of Ruthersford, N. J., last year's winners. Both events are the best ball of partners variety and 64 players are entered.

13,000 FANS AT OPENING OF NEW TROTTING TRACK

WILMINGTON, Del. (AP)—Brandywine Raceway, trotting's newest track, opened on the outskirts of this city last night with some 13,000 fans jamming every nook and corner as Paul Vineyard drove favored April First to victory in the \$3,000 inaugural pace.

Owned by J. Gordon Smith of Dover, Del., the four-year old son of Nibbie Hanover stepped off the mile in 2:07 3-5 to win by one and one-half lengths from Norman S. Lynch's Shamrock Mary of Frankfort, Del. Jimmy Hyland drove Shamrock Mary home eight lengths in front of the third horse, Randall B. Stafford's Majest Hal of Hadonfield, N. J.

Led From Half Mile

In winning his second race in 19 starts this year, April First took an early lead, gave way to Shamrock Mary after a quarter-mile, and then took command again at the half-mile post. From there on he never was threatened. The mutual board posted payoffs of \$2.70, \$2.40 and \$2.40 on the winner.

Three horses—Caesar, Coale Bay and Falconridge Pete—were involved in an accident at the final turn but the drivers, except for Johnny Goodnough, escaped without serious injury. Goodnough, driver of Caesar, was taken to a Wilmington hospital with lacerations of the scalp and a possible hand fracture.

Inauguration of the 20-night meeting, first appearance of trotters and pacers in this area under the lights, brought out a crowd that taxed the capacity of the compact plant. For the most part, it was a sight seeing crowd. But wagering ran above the officials' expectations.

Official paid attendance was 14,184 and the total mutual handle was \$314,062.

SICKLE'S IMAGE, 24-1 SHOT WINS \$165,200 RACE

CHICAGO (AP)—Sickle's Image, a 5-year-old light brown mare, with jockey William McK. Cook up, pulled down the richest mile payoff of the horse racing season yesterday by winning the \$165,200 Washington Park Handicap as a 24-1 shot.

Just as surprising as her victory was the contrasting disappointment to the 38,366 customers, who poured out for the finale of the Washington Park meeting, in Calumet Farm's Mark-Ye-Well.

With veteran Eddie Arcaro aboard, the colt finished a well-beaten last in a field of 13 after being backed down to a 6-5 wagering choice. It was Mark-Ye-Well's third straight and worst loss at Washington Park in a comeback attempt following a six months lay-off with a quartered hoof.

"Miracle Mile" Win
The "miracle mile" victory was the fourth triumph in nine starts for the season by Sickle's Image and the \$108,500 first prize boosted her winnings to a total \$484,560 since she began racing.

Hasty Home Farm's Versatile Ruhe, with Johnny Adams up, closed in fast on the outside and nearly nipped her at the wire. Sickle's Image managed a half length victory in a photo, stepping the mile in 1:36 4-5 and rewarding her backers with \$50.00, \$19.50 and \$10.80. Ruhe returned \$8.80 and \$5.80 and picked up \$30,000 for second. Third, 3½ lengths behind, was Irish-bred Indian Hemp, owned by Alberta Ranches, Ltd. He paid \$15.60, and collected \$15,000.

(48-30) captured the \$22,475 Bay Shore Handicap at Aqueduct.

ATLANTIC CITY, N. J.—Go A Bit (\$31.40) took the \$23,650 Philadelphia Turf Handicap at Atlantic City.

Westminster Gridders Will Have Big Weight Advantage Over Warriors Here Friday

PLAYOFF POSTS TO BE SETTLED BY TWIN BILL AT EMMITSBURG

A double-header baseball game at Emmitsburg Saturday afternoon will determine the positions for the Shaughnessy playoffs in the Pennsylvania Baseball League. It was announced today by Dr. D. Luther Beegle, Emmitsburg, league president.

Emmitsburg, New Oxford and Blue Ridge Summit finished the regular season with identical records of 12-8 to tie for second place.

Managers of the three teams met Monday in Emmitsburg and decided to stage two seven-inning tilts next Saturday. The opponents for the first game will be selected by drawings. The team drawing a bye will meet the winner of the first game.

How It Works
It has been decided the loser of the opening game will be regarded as the fourth place team. The winner of the second game will be the second place team and the loser the third place team, according to Beegle.

Shaughnessy playoffs will go forward on Sunday as originally planned but the opponents will not be known until after Saturday's tilts. However, Union Bridge, undefeated regular season champion, will meet the third place team at Union Bridge. The fourth place team will play on the home grounds of the second place outfit.

Each semi-final series will be a best-of-three affair with a similar final series for the title.

Regular season games rained out last Sunday will not be played according to the by-laws of the circuit.

WASHINGTON (AP)—Ted Kroll won the National Celebrities Golf Tournament yesterday with an assortment of steady shots and a single wild one.

After it was all over, the 34-year-old from New Hartford, N. Y., thanked the Woodmont Country Club for its courtesy "and the pleasant member who let one of my drives hit her on the back."

That drive came on the fourth tee of the first of the two rounds played yesterday. Badly sliced to the right, it struck a woman spectator and bounced back onto the green 15 feet from the cup.

"I hope she's feeling fine," Ted said, "and I want her to know how much I appreciate her hospitality."

Kroll fashioned a pair of 71s, 1 under par, and got home a stroke ahead of Lew Worsham of Oakmont, Pa., who was second. Kroll's 72-hole total was 281—7 under par.

Worsham Fought Gently
Worsham made a game battle of it and almost came off with a tie. On the last green, Worsham needed to sink a 12-foot putt to square matters with Kroll. A gallery of 5,000 let out a collective gasp as the ball rolled around the rim and veered off.

That gave Worsham second money of \$1,800 and boosted his earnings for the year to \$33,807, the most of any golfer. The tournament was sponsored by the Washington Post.

First prize was worth \$2,400 to Kroll, boosting his earnings to \$18,057. It was his first victory of the year.

Worsham, a Washington boy, was two strokes ahead of Kroll at the start of play yesterday, but he came up with his one bad round, a 74, in the morning. Even his "three birds on the last nine holes couldn't catch the nervous Kroll."

Two strokes behind Worsham at 284, was a three-way tie for third: Cary Middlecoff of Memphis, Tenn.; Marty Furgol of Lamont, Ill., and Shelley Mayfield of Chicopee, Mass.

26 Persons Lose Lives In Pennsylvania On Weekend

By The Associated Press

The three-day Labor Day holiday period in Pennsylvania took the lives of at least 26 persons and, as usual, most of the deaths occurred because of traffic mishaps.

Of the total, 14 died in traffic accidents (compared to 17 Labor Day traffic fatalities in 1952); four died in two plane crashes; two drowned and six others lost their lives in miscellaneous accidents.

Traffic on the Pennsylvania Turnpike was "really terrific on all sections," state police reported. The only major delay reported last night, however, was at the eastern terminus at King-of-Prussia, near Valley Forge, where the turnpike narrows to a single lane due to construction of an extension to the Delaware River. No delays were reported on the western half of the highway.

2 Die In Plane Crash

Two McKeesport youths were killed when their light plane struck high tension power lines and crashed into the Youghiogheny River at Scott Haven, Pa. The crash took the lives of James L. Hurst and Albert H. Henrich Jr., both 18.

The second air crash apparently occurred Friday night during a rainstorm when a single engine plane plowed into a hill in Somerset County. The wreckage and the bodies of the two victims were not found until Sunday. The victims were identified as Charles Stegura, 31, of Uniontown, and Peter Bennett, 32, Long Island, purchasing agent for Pan-American Airways, New York.

Baby Is Killed

Two-month-old Linda Carol Pancoast of Philadelphia was killed and seven others—including her parents—were injured in a two-car crash Sunday near Shenandoah.

The body of a 10-year-old boy was found along the Pennsylvania Railroad tracks at Harmarville, 20 miles west of Pittsburgh last night, after a railroad conductor reported his train "apparently struck someone." The boy was identified as Richard Sonnie of Harmarville. Simon Smucker, 20, of Latrobe died of a skull fracture Sunday after his car overturned near Ligonier.

Mrs. Sarah Kerstetter, 44, Sunbury, was killed, also on Sunday, in a two-car crash on Route 122, seven miles west of Shamokin.

Other deaths included: John Thomas, Pittsburgh, killed Sunday when his car struck a utility pole near Allentown.

Crashes Into Tree
Fred C. Royer, 74, of Allentown, killed Saturday when his car skidded in Upper Nazareth Township, near Easton, and crashed into a tree.

Joseph W. Murphy, 30, of Baltimore, Md., killed Saturday night when his empty oil truck crashed through a wire fence and plunged 120 feet into the Bethlehem Steel Co. quarry near Hanover.

Mrs. Rose Bellesimo, 22, of Derby, who plunged from a moving

auto driven by her husband early Saturday near Pittsburgh.

John Heggedus, 35, of Central City, Somerset County, killed Sunday in a crash on the Pennsylvania Turnpike near Gibsonia, Allegheny County. State police said Heggedus, alone in his automobile, was injured fatally when his machine overturned while he was towing another. The mishap raised to 65 the number of traffic deaths on the super highway this year.

Boy Is Run Over

Near Jersey Shore a 13-year-old boy was run over and killed by a car on Route 44. The victim was Frank C. Shuller of Nisbet, R. I.

The drowning victims were two Merion Golf Manor children, who went swimming in a reservoir on the Merion Golf Club course Saturday. They were Carol Lee Miller, 8, and Neil H. Stetson, 4. Their bodies were discovered Saturday afternoon by police sent to search for the children when they failed to return to their homes for lunch Saturday.

Aram G. Musser, 27-year-old telephone repairman, of Elizabethtown, R. I., was electrocuted Saturday while working on a telephone line leading to a house trailer near Elizabethtown. Authorities said the accident occurred during a heavy rainstorm and while Musser was crawling under the trailer holding a lead-in wire.

Dragged Under Machine

Paul Weber, 15, of Pittsburgh, was killed when his clothing became entangled in the wheel of a farm tractor and dragged him under the machine.

Paul Moser, 2 months, of Altoona, suffocated in his crib Saturday. The coroner's office said the infant's death may have been caused by extreme heat.

Donald Wimer, 32, of Pittsburgh, died Saturday after drinking some fire extinguisher fluid which police said he apparently mistook for beer.

Charles A. Babcock, 48-year-old insurance salesman of Warren, Pa., suffocated as the walls of a cesspool he was working on collapsed Saturday.

2 Fishermen Drown

Two Lancaster men drowned on a fishing trip in Maryland when their 16-foot boat was swamped in choppy water in the Bohemia River near Chesapeake Bay. They were Henry Weimer, 42, and Wilbur Henry, 27. Weimer's 16-year-old step-son, Raymond Uhlig, and 18-year-old Edwin S. Gove, Jr., swam ashore when the boat went down.

Guy R. Erdley, 45, of Lewisburg, was killed early Sunday morning while he searched for a heart-attack victim he did not know had been found. The victims' tractor, which he was using in the search, plunged over a 72 foot cliff into a quarry near his home.

Miss Thelma Cupurdija, 17, of Farrell, died yesterday in Sharon General Hospital, victim of an auto crash which critically injured three other teen-agers. The crash occurred Saturday just outside the Sharon city limits as two couples were en route to a dance in Youngstown, Ohio.

Killed On Turnpike

Frank E. Smith, 50, of Canton, Ohio, died last night in Bedford Memorial Hospital from injuries suffered Saturday on the Pennsylvania Turnpike, near New Baltimore, Pa. Police said Smith tried to drive his car across the medial strip from the westbound lane to reach a service station and was struck by another machine.

Paul Kogojic, 62-year-old construction worker of Conway, died today in Rochester Hospital from injuries suffered when hit by an automobile on Route 88, near Conway. Police said witnesses told them Kogojic was alighting from a bus and was two-thirds of the way across the four-lane highway when he was struck.

Ira Ross, 79, of Beaumont, Wyoming County, was killed early today when struck by a truck near his home.

2 Expected Mothers Die

Paul Benjamin Supplee, 57, of Downingtown, Pa., was killed in an auto accident on the Kirkwood Highway at Wilmington, Del., yesterday, when the car he was driving and one operated by Robert W. Neeson, 27, of Wilmington, collided. Mrs. Carrie Supplee, 65, his wife, was critically injured and admitted to Wilmington General Hospital.

Two pregnant women and a 14-month old boy died yesterday in the collision of two automobiles at a main highway intersection near Centerville, Md.

Allies Demand Reds Release All Prisoners; Prepare List

PANMUNJOM (AP)—A full-scale dispute over the exchange of war prisoners was building up today. The Communists accused the Allies of holding back captives and the U. N. Command drafted a demand for the return of Allied POWs it asserts are still in Red hands.

While Peiping radio asserted the U. N. Command withheld 357 Chinese and Koreans from repatriation, Gen. Mark Clark's headquarters worked over a list of Americans believed in Red captivity.

The names were collected from interviews with returned prisoners, from Communist broadcasts and lists and from letters written by captives.

The U. N. list, after careful re-checking, will be handed to the Communists with the demand that the Reds either return or account for the missing Americans.

Will Announce Names
Allied spokesmen said the names will be announced in Washington, but there no indication when. Nor was the number disclosed.

Peiping claimed a check of prisoner lists showed the Allies held back 228 Koreans and 129 Chinese who wanted to return to their homelands.

Both sides have insisted that all POWs who wanted repatriation were returned during the 33 days of Operation Big Switch, which ended Sunday.

Meanwhile the eighth and last troopship to return American prisoners sailed from Incho with 297

neat, Ohio.

Raymond G. Goodiel, her son. Mrs. Betty Jane Kemberling, 25, of Altoona, Pa.

They died when automobiles driven by their husbands, Raymond Leroy Goodiel and Air Force T. Sgt. George E. Kemberling, collided at U. S. 215 and U. S. 50.

BUGS WIN FIRST TWIN BILL OF '53 CAMPAIGN

NEW YORK (AP)—The Pittsburgh Pirates, sparked by home runs by Eddie Pellagrini, Frank Thomas and Danny O'Connell, beat the New York Giants 9-7 and 3 yesterday to capture their first double header of the season.

Pellagrini got four hits including his homer and Thomas hit his 22nd circuit clout in the first game as Bob Friend went the distance.

O'Connell collected a homer and two singles in the two games to stretch his hitting streak to 18 straight games. Paul LaPalme was the winning pitcher. He went all the way.

37 PITCHERS HURL MONDAY

By THE ASSOCIATED PRESS
Pitchers for Eastern League clubs paraded to the mound yesterday like ants to a barbecue.

Thirty-seven loosened their arms as the league wound up its regular season with a full schedule of southeasters. Some were throwing for the last time this season, while others were tuning up their muscles for the Governor's Cup playoffs, opening Wednesday.

Reading's first-place Indians took two from the visiting Williamsport Athletics, 3-1 and 5-2; the host second-place Binghamton Triplets won twice, 3-1 and 6-5, over the Elmira Pioneers; third-place Schenectady turned back the Albany Senators at home, 7-4 and 5-4, and Wilkes-Barre's Barons dropped home-and-home games to the Scranton Miners, 4-0 and 10-4.

Fred Wyant, West Virginia's freshman quarterback last season, was the quarterback when the Mountaineers scored all their 33 touchdowns.

Army aviators greet her hero husband, Sgt. Hiroshi Miyamura, of Gallup, N. M., Congressional Medal of Honor winner and one of 367 repatriated POW's landed in San Francisco, Cal., September 5, by transport Marine Adder. It was not announced that the soldier was a medal winner until he was released for fear the Reds would take action against him. (AP Wirephoto)

thanked personally in New York Prince Bernhard of the Netherlands. The employees who ran the special donated their services free.

A variation on the auto-rental service now offered by many American railroads, including C & O, has recently been established in Switzerland, but with bicycles. Swiss Federal Railways has organized a service which permits a rail traveler to hire a bike at any station, use it and return it to any other station on the system.

For twenty years a Canadian railway telegrapher has been scraping a battered old fiddle, a handdown from his grandfather, at country dances in Maine and Canada. When he wasn't playing it, he kept it in a closet of his home. That is, until recently, when he took it to a Toronto, Ont., bank for safekeeping. The season: he had just

found out that it was a Stradivarius, more than 130 years old and valued at \$65,000. It would be worth more, but a small crack in the wood cut the violin's value several thousand dollars.

Approximately 34,000 active members recently celebrated the 163rd anniversary of the founding of the Coast Guard Service.

The U. S. is on its way to building submarines that travel faster underwater than on the surface and stay submerged for weeks on end. Rear Admiral Charles B. Momsen, commandant of the First Naval District, writes in the August issue of

Popular Mechanics Magazine. These submarines of the future, that can cruise submerged at speeds of 30 to 40 knots and develop a fantastic 60 knots in emergencies, are a vital part of this country's defenses since, Admiral Momsen points out, "the struggle for sea power in the future will reach a decision underwater."

During World War II the British issued sleeping pills for dogs during air raids to keep them from getting excited.

Payments for doctors' services to Blue Shield Plan subscribers in Pennsylvania reached a new high amount in July.

During that month 35,299 claims were paid by Medical Service Association of Pennsylvania. Total payments amounted to \$1,764,398.75. This was nearly a half-million dollars more than the total paid for services to Blue Shield subscribers during the entire calendar year of 1948. The amount paid that year was \$1,278,642.

The Pennsylvania Blue Shield Plan is a non-profit community service with an enrollment of 2,500,000 Pennsylvanians. During 1952 for the second consecutive year the Pennsylvania Blue Shield Plan enrolled more subscribers than any of the other 78 Blue Shield Plans.

For the 12 months ended July 31 \$16,465,751.89 was paid by Blue Shield for doctors' services to its subscribers.

Dancing Courses Attract Students

ATHENS, Ga. — Many University of Georgia students who at the start of the summer term thought "birdie in the cage" was a captive canary are finding out a few things.

For a new course in square dancing is packing them in at the Student Union under direction of the Physical Education Department.

"Birdie in the cage" is one of the calls used by the caller to direct the dancers to change formation.

Camera News East Berlin

By IRVING DESFOR
The Associated Press

THREE D. or stereo, photography is closing in on us. Movies in 3D have become Hollywood's atomic weapon in reprisal for television. As a counter measure, TV is about to launch color and, eventually, 3D also.

The first stereo features and advertisements in national publications have made their appearance. Printed in red and blue, each publication included a cardboard red-and-blue viewer. Plans are actively afoot to perfect printing methods so that stereo pictures will appear in newspaper photo sections in the near future.

In the still picture field, more manufacturers are tooling up on new stereo cameras, hand and projection viewers. In commercial photography, the market for stereo pictures has multiplied so rapidly that an up-to-date professional can hardly be without a stereo camera.

The demand for stereo wedding pictures mounts steadily as prospective brides and grooms discover the new medium exists.

A MAJOR REASON for stereo's booming popularity among regular camera fans is the minimum amount of work needed to achieve its unique effect. There's no home darkroom processing of any sort. Just mail off the roll of color film after shooting and back it comes, nowadays, all mounted and ready for viewing.

The usual way to see stereo results is with a hand viewer. Its disadvantages are that only one person may see a picture at a time and, because people's eyesights vary, the hand viewer's focus may have to be shifted from person to person. At times, too, the batteries or bulb in a hand viewer may burn out in the midst of a showing.

The offset these faults, many stereo fans have several hand viewers for showing slides and they keep a spare bulb and fresh batteries at hand. Or they replace the batteries entirely with a transformer which plugs in any electric outlet and assures a bright picture at all times.

The ideal way to show stereo to a group of people is with a stereo projector. However, in comparison with regular slide and even movie projectors, they are still too expensive for the average guy. It's safe to predict that the first inexpensive stereo projector will find a responsive market.

Stereo viewing isn't the only way to see stereo slides. A single frame may be projected as a regular color slide. The image will merely be a bit smaller than a normal 35 mm slide. How come one of the makers of regular slide projectors hasn't come out with an adapter to make this more convenient for stereo slide owners?

Black-and-white and color prints may also be made from stereo slides. The first step is to have a Kodachrome copy negative made of one of the frames. This costs only 25 cents and is ordered by your local camera store. A black-and-white print can then be made directly from the color negative, either by yourself or by your photo finisher, or a color enlargement can be ordered through your camera dealer.

ONE OF THE strangest blunders possible in shooting stereo was committed by a friend only because he had a little experience in photography! After being photographed, he offered to take a couple of pictures so that I could get into them.

Although he had never shot any stereo pictures before, the set-up looked fool proof. The exposure was set (sunny day): 1-50th second at f 8.3 and he was familiar with rangefinder focussing. He couldn't make a double exposure because with the Revere stereo camera you can't shoot until you have wound the film which automatically cocks the shutter for the next shot.

I started playing with the children and he snapped away.

When the slides were returned, I discovered that in several pictures he had turned the camera to a vertical position and shot! He had been watching the subject matter so intently through the viewfinder, that from previous experience, he unconsciously "framed" the composition vertically by turning the camera when it seemed necessary.

The results are weird in stereo viewing . . . people and buildings are all at right angles to normal position.

So the first rule to be impressed on stereo newcomers is: Always hold the stereo camera horizontally and as level as possible in shooting.

"FLOATING" SCHOOL

BURNABY, B. C. — Burnaby has a new four-room school so light it literally "floats" on a peat bog. The building is made of a series of boxes and has no solid ground for 80 feet underneath.

For a new course in square dancing is packing them in at the Student Union under direction of the Physical Education Department.

"Birdie in the cage" is one of the calls used by the caller to direct the dancers to change formation.

HE WENT THAT-AWAY

KANSAS CITY — Police figure this fellow may have seen one Western too many. He entered a Kansas City tavern, rapped two astonished patrons over the head with a pistol butt, fired a few shots into the ceiling and calmly stalked out.

541 KILLED IN HOLIDAY; 379 ON U. S. HIGHWAYS

By The Associated Press
More than 500 persons lost their lives in violent accidents during the nation's Labor Day holiday but traffic fatalities were under the pre-holiday estimate of 440.

A survey today showed that at least 541 persons were killed in violent accidents over the extended holiday period from 6 p.m. Friday until midnight Monday (local time).

379 Traffic Victims

The dead included 379 killed in traffic mishaps. The National Safety Council had estimated 440 persons would be killed in motor accidents during the 78-hour period. Sixty-seven persons drowned and

Bandits Get Snack Instead Of Swag

SAUGUS, Mass. (P)—Two bandits—their faces masked by white handkerchiefs—held up a restaurant owner and fled with a paper bag they thought contained the Labor Day weekend receipts. The bag held two sandwiches the owner had made up for a snack.

95 others lost their lives in other accidents, including fires, plane crashes, falls, etc.

The traffic toll this Labor Day compared to 432 for the three-day Labor Day holiday last year and a record 461 in 1951.

The 1952 Labor Day holiday violent death toll was 558, including 432 in traffic and the record toll in 1951 was 658.

The biggest single traffic toll this year was at Tampa, Fla., with seven women and girls killed in a train-auto collision. In the miscellaneous group, 18 persons lost their lives in a fire in Chicago.

Midnight Sprinkle Helps In Pasture

STANTON, Tex. (P)—Mrs. Yuell Winslow, a pretty young woman, gets up at midnight every night and drives 28 miles to move a sprinkler system. It's a system that makes three inches of "rain" on 90 acres of pastureland grass every 15 days, and it makes the grass green for the cattle Mrs. Winslow and her husband own.

The sprinklers are on their ranch 14 miles out from town. They have to be moved every six hours to keep up the irrigation schedule. Henry Self, ranch foreman, makes three of the sprinkler moves every 24 hours, but the Winslows take the midnight trick.

The sprinkler pipe is 1,050 feet long and mounted on wheels.

PRESTON, Minn. (P)—Mary Schaefer, 2½, has homing instincts. When she disappeared from her farm home, searchers located her at the place her family had moved from two weeks earlier. She had walked 2½ miles.
